

Suncoast AHRMM IN PARTNERSHIP WITH South Florida Hospital & Healthcare Association

# 2017 FALL SYMPOSIUM

September 22, 2017 | Cleveland Clinic

Suncoast AHRMM is Florida's premier education event for providers, academics, affiliates, and vendors who work in all facets of healthcare supply chain. The education is designed to meet specific needs of the entire supply chain team, so regardless of your role, you'll find the tools, strategies, and best practices for success. Our goal is to provide actionable takeaways that you can implement at your facility.

Topics covered at our September 22 event in South Florida include:

- ▲ Collaboration and strategic discussions in supply chain management
- ▲ Corrective price management
- ▲ Facility security
- ▲ Challenges facing healthcare and critical importance of quality data

Registration for the South Florida Symposium is open!

## Check Out the Latest Products and Technology

Join us to learn about the products, technology, and services for healthcare supply chain. The vendor fair offers an ideal forum for establishing and strengthening professional relationships to improve the effectiveness and efficiency of supply chain operations. This is a great opportunity to find the solutions you need to improve and streamline your operations.

## Sponsorship Opportunities are Available!

Suncoast AHRMM is your company's connection to a powerful network of several hundred healthcare supply chain executives, directors, managers, and buyers who are committed to finding new and better products and technology solutions for their healthcare organizations.
